

Riverstone Academy Overview

Riverstone Academy is a specialist primary provision located in Carlin How, offering up to 20 places for children with Education, Health and Care Plans (EHCPs). The school is designed to provide a nurturing, structured, and highly supportive environment for pupils with a range of special educational needs and disabilities, including those with complex and additional needs.

Riverstone Academy is **currently awaiting Ofsted registration**, with a clear vision to deliver a high-quality specialist provision that meets all regulatory requirements and provides exceptional outcomes for pupils.

At Riverstone Academy, our core aim is to deliver high-quality, personalised education that enables every child to achieve their full potential academically, socially, and emotionally. We recognise that many of our pupils may have experienced barriers to learning in previous settings, and we are committed to re-engaging them through a bespoke, child-centred approach.

Our curriculum is carefully adapted to meet individual needs, balancing academic learning with a strong focus on communication, emotional regulation, and life skills. Small class sizes and high staff-to-pupil ratios ensure that each child receives the targeted support and consistency they require to succeed.

In addition to core subjects, Riverstone Academy places a strong emphasis on personal development, wellbeing, and enrichment opportunities. Through activities such as outdoor learning, creative arts, and practical experiences, pupils are supported to build confidence, resilience, and independence.

Working closely with families, local authorities, and external professionals, Riverstone Academy provides a collaborative and holistic approach to education. Our goal is to create a safe, inclusive environment where every child feels valued, understood, and equipped for the next stage of their educational journey.
